

# upBOARD's Employee Engagement Survey

#employee # engagement #millennials # development

The upBOARD's survey is measuring employees' engagement and opinions in order to maximize productivity, innovation, retention and management effectiveness. Questions are designed so that information can be gathered regarding satisfaction, the job, team, supervisor, and overall organization.

This project has received funding from the European Union's Horizon 2020 Research and Innovation programme under the Marie Skłodowska-Curie grant agreement No. 734824.
