

# BetterTeam's Employee engagement survey

#employee # engagement #millennials # development

The [BetterTeam's survey](#) asks employees to rate their own level of engagement: how enthusiastic and committed employees are to the job and their company, and whether they're willing to go "above and beyond" or put in work in addition to the minimum required to complete their job duties.

Check how to interpret the result [here!](#)

This project has received funding from the European Union's Horizon 2020 Research and Innovation programme under the Marie Skłodowska-Curie grant agreement No. 734824.

# EMPLOYEE ENGAGEMENT SURVEY

---

Statement	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
I meet with my manager often enough.					
If I go above and beyond, my manager will notice.					
If I go above and beyond, my colleagues will notice.					
I feel like my work here has an overall purpose.					
I should have more control over my schedule.					
I should have more say in what projects I work on.					
I should have more say in how I work on projects.					
I feel closely connected with my co-workers.					
My manager looks for my strengths and helps me hone them.					
My manager looks for my weaknesses and helps me correct them.
